

Wrap Around

A **GALDI** COMPANY

ARTEMA PACK
packaging & automation

MULTI-FORMAT

The machine can be set to handle more than 15 formats and different grouping systems.

TOTAL FLEXIBILITY

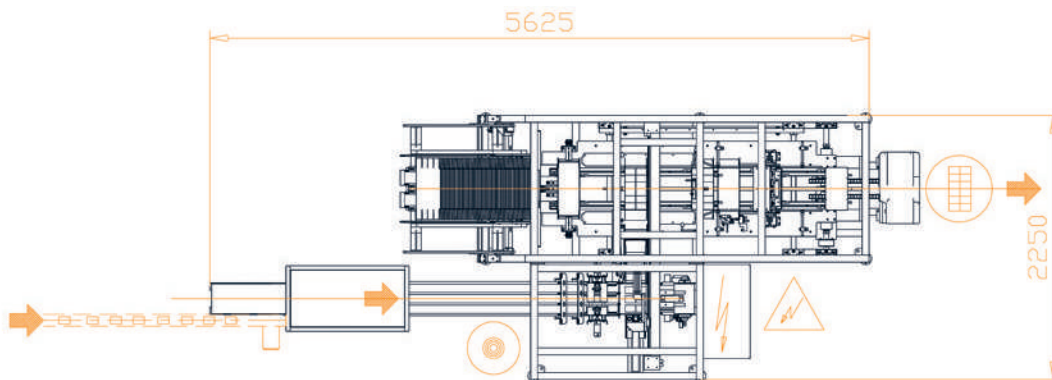

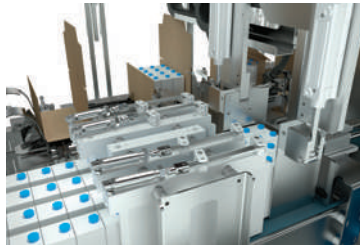

Special design considerations make our wrap-around case packers highly customisable, allowing for easy upgrades.

SUSTAINABLE CHOICE

The machine is designed to handle recycled paper cartons efficiently, making your packaging even more sustainable.

MADE TO LAST

High-quality manufacturing and top brand components ensure a long life cycle, with minimal maintenance required over time.
